

Major Airline Operation Center North Charleston, South Carolina

Design South Professionals teamed up with Live Oak Consultants for this 94,400 square foot addition to a major airplane operation center. The addition consists of 512,000 square feet of industrial space and 42,400 square feet of commercial office space located on the third floor mezzanine. The new addition is located at the northwest quadrant of the campus with building materials and finishes consistent with the existing buildings on campus.

This was the second expansion completed by the team of Design South Professionals and Live Oak Consultants for this major airline. The first expansion consisted of a 20,000 square foot industrial expansion located on the northeast quadrant of the campus.
