

## Palmetto Rural Telephone Walterboro, South Carolina

The project consists of a new two-story building located on an extensively landscaped 4.2 acre site just north of Walterboro. The new facility provides for customer service and sales, administrative and employee support functions for an established, progressive telephone utility company.

The building provides for adjacent customer relation offices, general management offices, records storage areas, accounting, and data programming sections, the General Manager's office, a Boardroom, a video conferencing employee training center, a kitchen and employee's lounge area, a physical fitness center as well as locker room facilities. The entire second floor is dedicated to open office space where administrative and clerical functions can expand as future needs require. A three-vehicle automatic teller drive is available to customers for easy payment access.
